Congratulations to our faculty at the Vagelos College of Physicians and Surgeons who received promotions or honors during the 2023-2024 academic year!

VP&S is a world-renowned, remarkable community led by faculty dedicated to advancing human health and leading with empathy. At VP&S, we rely on your vision and devotion to our mission as we prepare the next generation of changemakers. This year as we forge into new territory, we celebrate faculty recognized for their outstanding accomplishments and for being emblematic of what makes VP&S so special. The faculty we celebrate today have been recognized by their colleagues, both within and outside VP&S, for outstanding accomplishments and excellence that are emblematic of academic distinction.

Academic promotion recognizes the accomplishments of our faculty in one or more of our core missions:

- Transformative research that spans the continuum from basic laboratory studies to clinical and population-based studies
- Extraordinary care of our patients
- Innovative education that prepares the next generation of physicians and scientists
- Service to our communities in Washington Heights, Harlem, Northern Manhattan, and beyond

We also celebrate well-deserved external honors earned by our faculty over the past academic year. Our celebration today is an expression of how faculty at VP&S continue to inspire our community as we further our legacy in shaping the future of medicine.
